An escape room has opened on Hertel Avenue called 3600 Escape. Designed as a great way to spend time with family, friends or co-workers, the escape room is being billed as one of the newest forms of entertainment to hit Buffalo. In this particular live action experience, participants are locked inside a room and are given 3600 seconds to figure their way out. By using clues, collaborative process, and problem solving skills, puzzles and clues are deciphered in order to locate a hidden key.

This family-owned business opened in North Buffalo to provide families with an activity that is considered 'something different'. Aside from families, anyone who is interested in adventure laden problem solving tasks is invited to try out the escape room.

3600 Escape is operated by certified facilitators, and is perfect for birthday parties, corporate team building, family reunions, date nights or just for fun. Debriefing sessions and personality assessments are also offered for those who are looking to analyze their sessions and themselves.
